

VH66B

PRODUCT DESCRIPTION

The VH66B Pneumatic Reservoir Glue gun is a pressure sensitive glue gun. The reservoir melt chamber allows the use of pressure sensitive (permanently tacky) and semi-pressure sensitive (peelable) hot melt glue pillows. Air assistance gives effortless glue delivery.

APPLICATION INFORMATION

- Use with Venus 2507FS peelable glue to attach cards, labels, and promotional items for clean and easy removal.
- Warm up time: 8-10 minutes.
- Works best with Venus 2507FS peelable adhesive pillows, Venus hot melt beads, slats, and Venus 43mm glue slugs.

PHYSICAL PROPERTIES

Note: The following technical information and data should be considered representative or typical only.
